REGIONAL POLICE DEPARTMENT**

Press Release

On January 17th at approximately 11:25 PM, a Westtown-East Goshen Regional Police Officer was investigating a suspicious vehicle on Strasburg Rd. east of Dutton Mill Road in East Goshen Township, Chester County. During the Officers investigation, the Officer was shot in the hand by a male suspect. The suspect was described as a white male, mid to late twenties, 6'0, husky build no facial hair, short darker hair, wearing a grey pullover hoodie, blue jeans and a baseball hat. The Officer returned fire at the suspect. It is unknown if the suspect was wounded in the exchange. The handgun was described as semi-automatic handgun. The suspect fled the scene in a dark colored older model 4 door Honda, possibly an Accord, with possible Delaware registration. The vehicle fled the scene heading east on Strasburg Road. Also in the company of the male suspect was a white female with long brown hair past her shoulders wearing a light colored t-shirt. Police believe that the male and female were involved in a domestic dispute when the Officer came upon the pair. The male suspect is considered armed and extremely dangerous. Police are concerned about the safety and welfare of the female described. Anyone with information should contact 911 or Chester County Police Radio at 610-692-5100. This incident is under investigation by the Westtown-East Goshen Regional Police Department and Chester County Detectives.
